

VILLAGE OF SLINGER APPLICATION FOR
APPROVAL STORM WATER MANAGEMENT
PLANS

Review No. _____

Property Owner	Applicant	Party Responsible for Maintenance
Name: _____	_____	_____
Address: _____	_____	_____
Phone: _____	_____	_____

Approval is hereby requested for the Storm Water Management Plan attached for property located at and legally described as:

AGREEMENTS: The property owner and/or the property owner's agent, hereafter referred to as the applicant, agree as follows:

- 1 . All construction and development will be carried out pursuant to the Storm Water Management Plan as approved by the Village Engineer.
2. The applicant shall give the Village Engineer written notice not less than 2 working days nor more than 10 working days prior to the start of any land development activity.
3. The applicant shall give the Village Engineer written notice of completion of installation of all facilities covered by this permit within 10 days after completion.
4. Approval in writing must be obtained from the Village Engineer prior to any modifications to the approved Storm Water Management Plan.
5. The applicant shall be responsible for maintaining all public rights of way, streets, and drainage systems or ways specified in the approved Storm Water Management Plan until they are accepted and become the responsibility of the governmental entity concerned.
6. The Village Engineer may enter onto the land regulated under this chapter for the purpose of inspecting for compliance with the approved Storm Water Management Plan.
7. The applicant shall provide and install, at his expense, all storm water management improvements required by Chapter 33 of the Municipal Code of Slinger, Wisconsin and the approved Storm Water Management Plan.

8. The applicant authorizes the Village Engineer acting pursuant to sec. 66.60(16), Wis. Stats., to perform any work or operations necessary to bring the condition of the lands into conformity with the approved Storm Water Management Plan as modified by the Village Engineer and further consents to the Village placing the total of the costs and expense of such work and operations upon the tax roll as a special charge against the property.

10. The applicant shall pay an inspection fee equal to the actual costs to the Village to inspect the storm water management measures upon completion of construction of the storm water management measures.

11. All conditions and requirements of Chapter 33 of the Municipal Code of Slinger Bend, Wisconsin shall apply to the Storm Water Management Plan.

12. Approval of this Storm Water Management Plan does not relieve the owner/developer of any obligation he may have to obtain state and federal permits, including a Wisconsin Pollutant Discharge Elimination System (WPDES) permit from the Wisconsin DNR.

13. The property owner shall be responsible for the maintenance of all on-site storm water management facilities.

14. Calculation and plan sheets received in the office of the Village Engineer on the dates listed below form a part of this permit.
