Firewood
or Other Ash Products
From These Counties

Questions?

Ask property staff or call 1-800-303-WOOD.
Please don't move firewood. Buy it where you use it.

Unless certified, firewood from more than 50 miles away or out of state is prohibited on this and other state properties.

Hardwood firewood that was harvested, purchased or stored in a quarantine county may not leave the area unless certified by WI DATCP (certification for manufacturers only).

To legally transport firewood **THROUGH** the quarantine area, do not stop in the area unless you need to refuel your vehicle. Continue through the area as soon as you have refueled.
